CAMCO / FERGUSON

- Cam Operated & Servo Driven Index Drives & Oscillators
- Zero Backlash Drives
- Indexing Dials & Precision Link Conveyors
- Pick & Place Mechanisms
- Torque Limiting Clutches

CONTROL TECHNIQUES™

NIDEC / CONTROL TECHNIQUES / EMERSON

- Programmable Servo Drives with User Friendly Interface
- Variable Frequency Drives
- Multi-Axis Solutions
- High Performance Servo Motors

EXLAR

- Roller Screw Linear Servo and Force Tube Actuators
- High Force, Long Life Systems
- Servo Motors and Gearmotors
- Integrated Actuators and Control Packages

APEX DYNAMICS

- Planetary Helical Gear Inline and Right-Angle Reducers
- Shaft and Flanged Output Options
- Stainless Steel Construction Gearbox Solutions
- Precision Rack and Pinion Systems

WITTENSTEIN / ALPHA GEAR

- Precision Planetary Inline and Right-Angle Servo Reducers
- Specialty Right Angle Reducers
- Bellows / Elastomer Couplings
- Torque Limiting Couplings

STOBER

- High Efficiency Helical and Spiral Bevel Reducers
- Servo and NEMA Reducers
- Gearmotors, Hollow Shaft and Flanged Outputs
- Food Grade and Washdown Gearing Solutions

TRIO MOTION TECHNOLOGY

- Multi-Axis Servo and Stepper Control Platforms
- Programmable Touchscreens
- Remote I/O Solutions
- User Friendly EtherCAT Programming

ROBOHAND

- Grippers, Slides & Linear Thrusters
- Rotary Actuators & Power Lift Tables
- Compliant Wrists & Load Limiters
- Feed Escapements & Robot Accessories
- Power Cylinders

INTER-LAKES BASES

- Standard and Custom Machine Bases
- Blanchard Ground Plates
- Steel and Aluminum Dials
- Standard and Custom Machined Components

MACRON DYNAMICS

- Belt Driven and Screw Driven Actuators
- Gantry and Cartesian Robotic Systems
- H-Bot and T-Bot Gantry Systems
- Multi-Axis Custom Automation Solutions

JVL

- Integrated Servo Motors
- Integrated Stepper Motors
- Stainless Steel Motors
- Industrial Ethernet PlugIn Modules
- Programmable Displays

STAUBLI ROBOTICS

- 4-Axis Scara Robots
- 6-Axis Articulated Robots
- Industry Specific Solutions (Cleanroom, Sterile & Machine Tool)
- User Friendly & Pendant Based Controls
